	SHIFTMIX IG.6X 2703333	SRAM POD AXS	RACE, LOUISE & GUSTAV disc brakes from MY2024

TECHNICAL NOTES:
- The MT A2 is not compatible with SHIFTMIX components due to its design.
- the SRAM Matchmaker mounting standard is also used by the MAGURA VYRON MDS-V3 remote and many other dropper post remotes like Fox, OneUp and others.

We cannot be held responsible for any wrong information herein. Since the manufacturers may make changes, we recommend checking the compatibility in each case.
